

# Lulu Gets Her First Cut

By Ms. Newell's First Graders

From Mary Collins at Cherry Valley

Once upon a time there was a golden retriever named Lulu. Lulu loved to lick people's hands and play catch. One day while playing catch, she cut her lip on a blackberry bush. It hurt really badly and Lulu felt sad. She ran back home to her owner named Jay. Jay noticed the cut on Lulu's lip. He took her to the vet to get help. The vet made sure that her lip would not get infected, and gave her a treat. Lulu felt very happy and licked the vet's hands. Jay took Lulu home and gave her a bath.
