

Dear State Law People,

I think dogs should vote. One time a dog licked my hand and it was SOOO cute. I want a dog but Mommy says no. Mommy says that the mayor of Kapalapaburg (where we live) needs to stick his head in a hole. Whenever Mommy says things like this, Daddy says she should watch her mouth. Also this lady walking a dog near my house gave me a cookie one time. So the moral of this story is that dogs should vote.

Bye bye!!
